Your ID card should be kept in a safe location, just like money, credit cards or other important documents. BCBSRI should be notified immediately if your ID card is lost or stolen.
- Our list of *network providers* changes from time to time. You may want to call our Customer Service Department in advance to make sure that a *provider* is a *network provider*.
- You are encouraged to choose a *personal physician*. Although no referral from a *personal physician* is needed to receive *covered health care services* from a specialist physician, *personal physicians* can help manage health care services.
- You are encouraged to become involved in your health care treatment by asking *providers* about all treatment plans available and their costs. SUMMARY OF MEDICAL BENEFITS

This is a summary of your medical benefit coverage levels under this *agreement*. It includes information about *copayments*, *deductibles*, and some benefit limits. This summary is intended to give you a general understanding of the medical coverage available under this *agreement*. For more detailed information, please read Section 3.0 for the description of coverage for each particular covered health care service along with the related exclusions, and Section 4.0 for a list of general exclusions. Words or phrases used throughout this *agreement* that are in italics are defined in Section 8.0 - Glossary.

IMPORTANT NOTE: All of our payments at the benefit levels noted below are based upon a fee schedule called our *allowance*. If you receive services from a *network provider*, the provider has agreed to accept our *allowance* as payment in full for covered health care services, excluding your *copayments*, *deductible*, and the difference between the maximum benefit and our *allowance*, if any. If you receive *covered health care services* from a *non-network provider*, you will be responsible for the *provider's charge*. You will then be reimbursed based on the lesser of the *provider's charge*, our *allowance*, or the maximum benefit; less any *copayments* and *deductibles*, if any. The *deductible* and *maximum out-of-pocket expense* are calculated based on the lower of our *allowance* or the *provider's charge*, unless otherwise specifically stated in this *agreement*.

**Preauthorization* is recommended for the services marked with an asterisk (*). If you do not obtain *preauthorization* and the services are not *medically necessary* or the setting where services were received is determined to be inappropriate, we will not cover these services. *Network providers* in Rhode Island are responsible for obtaining *preauthorization* for all applicable *covered health care services*. When the *provider* is *non-network*, you are responsible for obtaining *preauthorization*. If you receive services from a *provider* that participates with an out of state (non-Rhode Island) Blue Cross or Blue Shield plan, you are responsible for obtaining *preauthorization*. See Section 8.0 - definition of *preauthorization* for details.

1.8 Participation in Our Wellness Incentive Programs

Our Wellness Programs are designed to promote good health and prevent disease.

Participation in our Wellness Programs is voluntary. If you choose to participate, you may receive rewards, such as a reduction or waiver of *copayments* for certain *covered health care services*. We may require you to sign a pledge or letter of agreement to acknowledge participation in the Wellness Programs. Your signature will document your willingness to voluntarily participate and your acknowledgement of the Wellness Program requirements that must be met in order to receive the reward. We may not make Wellness Programs available to all *members* or to any *member* a second time. We reserve the right to terminate Wellness Programs at any time.

We will contact you directly if you are eligible for one of our Wellness Programs. You may obtain a current list of our Wellness Programs by visiting our Web site at BCBSRI.com or contacting our Customer Service Department.

1.9 Our Right to Conduct Utilization Review

To be sure a *member* receives appropriate *benefits*; we reserve the right to do utilization *review*. We also reserve the right to contract with an organization to conduct *utilization review* on our behalf. If another company does utilization *review* on our

behalf, the company will act as an independent contractor. The company is not a partner, agent, or employee of Blue Cross & Blue Shield of Rhode Island.

This *agreement* provides coverage only for *medically necessary* care. The determination, by an entity conducting *utilization review*, whether a service is *medically necessary* is solely for the purpose of *claims* payment and the administration of your health benefit *plan*. It is not a professional medical judgment.

Although we may conduct *utilization review*, Blue Cross & Blue Shield of Rhode Island does not act as a health care *provider*. We do not furnish medical care. We do not make medical judgments. You are not prohibited from having a treatment or hospitalization for which reimbursement has been denied. Nothing here will change or affect your relationship with your *provider(s)*.

1.10 Your Right to Choose Your Own Provider

Your relationship with your *provider* is very important. This *agreement* is intended to encourage the relationship between you and your *provider*. However, we are not obligated to provide you with a *provider*. Also, we are not liable for anything your *provider* does or does not do. We are not a health care *provider*. We do not practice medicine, dentistry, furnish health care, or make medical judgments.

We review *claims* for payment to determine if the *claims*:

- were properly authorized;
- constitute *medically necessary* services for the purpose of benefit payment; and
- are *covered health care services* under this *agreement*.

The determination by us of whether a service is *medically necessary* is solely for the purpose of *claims* payment and the administration of health *benefits* under this *agreement*. It is not an exercise of professional medical judgment.

1.11 How to Select a Health Care Provider

When you select a health care *provider*, refer to the HealthMate™ Coast to Coast Provider Network Directory to find out if your health care *provider* is a member of Preferred Blue. Preferred Blue is Blue Cross & Blue Shield of Rhode Island's designated *BlueCard PPO network*. You may visit our Web site at BCBSRI.com to find out this information as well.

If you travel outside the Blue Cross & Blue Shield of Rhode Island service area and need information or medical care, call *BlueCard Access* at 1-800-810-BLUE (2583). *BlueCard Access* provides the names and location of participating *BlueCard PPO doctors* and *hospitals*. You can also visit the *BlueCard PPO Doctor and Hospital finder* web page at www.bcbs.com.

1.12 Your Responsibility To Pay Your Providers

Covered health care services may be subject to *benefit limits, deductibles, and copayments* as shown in the Summary of Benefits. It is your responsibility and obligation under this *agreement* to pay *network providers* the *deductible, copayment*, and the difference between the *maximum benefit* and our *allowance* (if any) that may apply to *covered health care services*.

Your *provider* may require payment at the time of service or may bill you after the service. If you do not pay your *provider*, he or she may decline to provide current or future services or may pursue payment from you. Your *provider* may, for example, begin collection proceedings against you. For more information, see Section 5.0 - How Your Covered Health Care Services Are Paid.

2.0 ELIGIBILITY

Your *employer* may purchase this *agreement* directly from us or from the *HealthSource RI*.

If you purchased this *agreement* from us, this section of the *agreement* describes:

- who is eligible for coverage;
- when coverage begins;
- how to add or remove family members;
- when coverage ends; and
- continuation of coverage.

If purchased from *HealthSource RI*, eligibility determinations will be made by your employer and *HealthSource RI*. Please contact your employer or *HealthSource RI* at 1-855-683-6759 for questions about your eligibility.

2.1 Who is an Eligible Person

You: You are eligible to enroll in coverage under this *agreement* provided that you:

- meet the minimum work-hour requirements; and
- have satisfied the waiting period, if any, of your *employer/agent*.

The date on which you have met your *employer's/agent's* eligibility requirements and are entitled to apply for coverage under this *agreement* is your eligibility date.

Your Spouse: Your spouse is eligible to enroll for coverage under this *agreement* if you have selected family coverage. Only one of the following individuals may be enrolled at a given time:

- Your opposite sex spouse, according to the statutes of the state in which you were married, when your marriage was formed by obtaining a marriage license, having a marriage ceremony, and registering the marriage with the appropriate state or local official.
- Your common law spouse, according to the law of the state in which your marriage was formed (generally, common law spouses are of the opposite-sex). Your spouse by common law of the opposite gender is eligible to enroll for coverage under this *agreement*. To be eligible, you and your common law spouse must complete and sign our Affidavit of Common Law Marriage and send us the necessary proof. Please call us to obtain the Affidavit of Common Law Marriage.
- Your same-sex spouse, according to the laws of the state in which you were married, when your marriage was formed by obtaining a marriage license, having a marriage ceremony, and registering the marriage with the appropriate state or local official. Your same-sex spouse may be enrolled only if your marriage is recognized by the state in which you reside.

- Your civil union partner, according to the law of the state in which you entered into a civil union. Civil Union partners may be enrolled only if civil unions are recognized by the state in which you reside.
- Domestic Partner: Provided your *employer/agent* authorizes the eligibility of domestic partners, your domestic partner is eligible to enroll for coverage under this *agreement*. You and your domestic partner must complete and sign our Declaration of Domestic Partnership and we must receive necessary proof. Please contact your *employer/agent* for additional information regarding coverage for domestic partners.
- Former Spouse: In the event of a divorce, your former spouse will continue to be eligible for coverage provided that your divorce decree requires you to maintain continuing coverage under a family policy in accordance with state law. In that case, your former spouse will remain eligible on your policy until the earlier of:
 - i. the date either you or your former spouse are remarried;
 - ii. the date provided by the judgment for divorce; or
 - iii. the date your former spouse has comparable coverage available through his or her own employment.

Your Children: Each of your and your spouse’s children is eligible for coverage as ordered by a Qualified Medical Child Support Order (“QMCSO”) or until the first day of the month following their 26th birthday. For purposes of determining eligibility under this *agreement*, the term child means:

- Natural Children;
- Step-children;
- Legally Adopted Children: In accordance with Rhode Island General Law § 27-20-14, an adopted child will be considered eligible for coverage as of the date of placement for adoption with you by a licensed child placement agency;
- Foster Children: Your foster children who permanently live in your home are eligible to enroll for coverage under this *agreement*.

We may request more information from you to confirm your child’s eligibility.

Disabled Dependents

In accordance with Rhode Island General Law § 27-20-45, when your unmarried child who is enrolled for coverage under this *agreement* reaches the maximum dependent age limit age of twenty-six (26) and is no longer considered eligible for coverage, he or she continues to be an *eligible person* under this *agreement* if the *eligible person* under this *agreement* is a disabled dependent.

If you have an unmarried child of any age who is medically certified as disabled and is chiefly dependent on you for support and care because of mental impairment or physical disability, which can be expected to result in death or can be expected to last for a continuous period of not less than twelve months, that child is an eligible dependent under this *agreement*. If you have a child whom you believe satisfies these conditions, you must call us to obtain the form necessary to verify the child’s disabled status

and show proof of the disability. This form must be filled out and submitted to us. Periodically thereafter, you may be asked to show proof that this disabling condition still exists to maintain coverage as a dependent for this child.

2.2 When Your Coverage Begins

When You Can Enroll or Make Changes

When you are first eligible, you and your eligible dependents may enroll by completing an application through your *employer/agent* within the first thirty-one (31) following your eligibility date. So long as we receive your membership application within that timeframe and your membership fees are paid, your coverage begins on the first day of the month following your eligibility date.

If you or your dependents fail to enroll at this time, you cannot enroll in the *plan* unless you do so through an Open Enrollment Period or a Special Enrollment Period.

Open Enrollment Period

An Open Enrollment Period will be held each year for coverage to be effective on the first day of the *plan year*. You and/or your eligible dependents may enroll at this time by completing an application during the open enrollment period.

Special Enrollment Period

After your initial effective date, you may enroll your eligible dependents for coverage through a Special Enrollment Period by completing an application within thirty (30) days following the Special Enrollment event. You and/or your eligible dependents will qualify for a Special Enrollment Period as follows:

- If you get married, coverage begins the first day of the month following your marriage;
- If you have a child born to the family, coverage begins on the date of the child's birth;
- If you have a child placed for adoption with your family, coverage begins on the date the child is placed for adoption with your family.

If you lose your private health insurance coverage, you may enroll or add your eligible dependents for coverage through a Special Enrollment Period by completing a written application within thirty (30) days following the Special Enrollment event. Coverage will begin on the first day of the month following the event. You and/or your eligible dependents will qualify for a Special Enrollment Period as follows:

- The *eligible person* seeking coverage had other coverage at the time that he or she was first eligible for coverage under this agreement; and the *coverage on the* other plan is terminated as a result of loss of eligibility for coverage because of the following:
 - legal separation or divorce,
 - death of the covered individual,
 - termination of employment or reduction in the number of hours of employment

- the covered individual's becoming entitled to Medicare,
- loss of dependent child status under the plan,
- employer contributions to such coverage is being terminated,
- COBRA benefits are exhausted, or
- your employer is undergoing Chapter 11 proceedings.

With a change in eligibility for Medicaid or a CHIP, you must make written application within sixty (60) days following your change in eligibility. Coverage will begin on either the first day of the month following the event or, if the event occurs on the first day of a month, coverage under this *plan* begins on the first day of that month. You and/or your eligible dependents will qualify for a Special Enrollment Period as follows:

- you and/or your eligible dependent are terminated from Medicaid or CHIP coverage due to a loss of eligibility; or
- you and/or your eligible dependent become eligible for premium assistance, under your *employer/agent's* coverage, through Medicaid or CHIP.

In addition, you may also be eligible for the following Special Enrollment periods if you apply within thirty (30) days following the Special Enrollment event:

- if you or your dependent lose minimum essential coverage, coverage begins the first day of the following month;
- you adequately demonstrate to us that we substantially violated a material provision of our *agreement* with you coverage begins
 - the first of the following month, if your application is received between 1st and 15th day of the month;
 - the first of the second following month, if your application is received between the 16th and last day of the month
- you make a permanent move into the service area coverage begins:
 - the first of the following month, if your application is received between 1st and 15th day of the month
 - the first of the second following month, if your application is received between the 16th and last day of the month
- your enrollment or non-enrollment in a qualified health plan (QHP) is unintentional, inadvertent, or erroneous and is the result of error, misrepresentation, or inaction of us, *HealthSource RI*, or the U.S. Department of Health and Human Services (HHS)
 - the first of the following month, if your application is received between 1st and 15th day of the month
 - the first of the second following month, if your application is received between the 16th and last day of the month

If purchased from *HealthSource RI*, you may also be eligible for the following additional special enrollment periods. Please contact *HealthSource RI*, at 1-855-683-6759 for questions about these special enrollment periods and your eligibility within thirty (30) days following the Special Enrollment event.

- If you are an Indian, as defined by Section 4 of the Indian Health Care Improvement Act, you may enroll or change from one coverage to another one time per month, coverage begins
 - the first of the following month, if your application is received between 1st and 15th day of the month;
 - the first of the second following month, if your application is received between the 16th and last day of the month.
- If you demonstrate to *HealthSource RI*, in accordance with guidelines issued by Health and Human Services, that you meet other exceptional circumstances, coverage begins:
 - the first of the following month, if your application is received between 1st and 15th day of the month;
 - the first of the second following month, if your application is received between the 16th and last day of the month.

Coverage for Members who are Hospitalized on their Effective Date

If you are in the *hospital* on your effective date of coverage, health care services related to such hospitalization are covered as long as: (a) you notify us of your hospitalization within forty-eight (48) hours of the effective date, or as soon as is reasonably possible; and (b) *covered health care services* are received in accordance with the terms, conditions, exclusions and limitations of this *agreement*. As always, *benefits* paid in such situations are subject to the Coordination of benefits provisions described in Section 6.0.

2.3 How to Add or Remove Coverage for Family Members

You must notify your *employer/agent* if you want to add family *members* according to the provisions described above in Section 2.2.

If you want to remove family *members* from your coverage, you must notify your *employer/agent* in advance of the requested removal date and your *employer/agent* must send notification to us.

2.4 When Your Coverage Ends

When We End This Agreement

Coverage under this *agreement* is guaranteed renewable. It can be canceled for the following reasons.

This *agreement* will end:

- if you leave your place of work;
- if you decide to discontinue coverage, we, your *employer/agent*, or *HealthSource RI* must receive notice to end this agreement fourteen (14) prior to the requested date of cancellation. If we do not receive your notice prior to the requested date of cancellation, you or your *employer/agent* may be responsible for paying another month's membership fees;

- if you or your *employer/agent* does not pay any required membership fees within one month of the date they are due. If your *employer/agent* does not pay the required fees, the termination will be effective five (5) days after we mail you a notice of discontinuance;
- if you cease to be an *eligible person*;
- if we cease to offer this type of coverage;
- for a covered dependent if the dependent no longer qualifies as an eligible dependent.
- if your *employer/agent* contracts with another insurer or entity to provide or administer benefits for the *covered health care services* provided by this *agreement*, your group's agreement with us will end.
- if fraud is determined by us. Fraud includes, but is not limited to, misuse of your identification card (ID card) and any misrepresentation made by you, or on your behalf, that affects your coverage. Fraud may result in retroactive termination. You will be responsible for all costs incurred by Blue Cross & Blue Shield of Rhode Island due to the fraud. Blue Cross & Blue Shield of Rhode Island may decline reinstatement under your group coverage, or any other coverage that may become available in the future; or
- if abuse or disregard for provider protocols and policies is determined by us. If after making a reasonable effort physicians are unable to establish or maintain a satisfactory relationship with a member, coverage may be terminated after 31-days' written notice. Examples of unsatisfactory physician-patient relationships include:
 - abusive or disruptive behavior in a physician's office;
 - repeated refusals by a *member* to accept procedures or treatment recommended by a physician; and
 - impairing the ability of the physician to provide care.

If you purchase coverage from *HealthSource RI* and the Qualified Health Plan is terminated or decertified, coverage under this *agreement* will end.

If we, for one of the reasons listed above, terminate this *agreement*, we must send to you a termination notice thirty (30) days before the termination date. The notice will indicate the reason why the *agreement* ended.

When your coverage ends, you will be entitled to apply for direct pay membership from Blue Cross & Blue Shield of Rhode Island or through the RI Health Benefit Exchange. You must meet the eligibility requirements. We must receive an application and membership fees within sixty (60) days from the date your group membership ends. If you do not reside in Rhode Island, you do not qualify to enroll in our direct pay plans. You may be able to obtain coverage through an insurance company in the state in which you reside.

HIPAA certificate of creditable coverage

When your coverage ends, we will send to you a Health Insurance Portability and Accountability Act (HIPAA) certificate of creditable coverage to provide evidence of your prior health coverage. The information in the certificate lets your new health

plan know how long you have had coverage so you can receive credit for it. This information may help you obtain a special enrollment under a new plan.

We will also send to you a HIPAA certificate of creditable coverage upon request.

Retroactive Cancellations

Rescind/Rescission means a cancellation or discontinuance of coverage that has a retroactive effect. A cancellation is not a rescission if it:

- only has a prospective effect (as described above); or
- applies retroactively to the extent that such cancellation is due to the failure to timely pay premiums.

We may rescind your coverage if you or your dependents commit fraud. Fraud includes, but is not limited to, intentional misuse of your identification card (ID card) or intentional misrepresentation of material fact. Any benefit paid in the past will be voided. You will be responsible to reimburse us for all costs and claims paid by us. We must provide you a written notice of a rescission at least 30 days in advance. This notice will provide you the opportunity to appeal this decision. Please see Section 7.0 – How to File and Appeal a Claim.

Except for fraud and non-payment, we will not contest this policy after it has been in force for a period of two years from the later of the *agreement* effective date or latest reinstatement date.

2.5 Continuation of Coverage

If your coverage is terminated, you may be eligible to continue your coverage in accordance with state or federal law.

Continuation of Coverage According to State Law

If your employment is terminated because of involuntary layoff or death, or as a result of the workplace ceasing to exist, or the permanent reduction in size of the workforce, the *benefits* of this agreement may be continued in accordance with Rhode Island General Laws c. 27-19.1, provided that you continue to pay the applicable premiums. The period of this continuation will be for up to eighteen (18) months from your termination date, but in any event not to exceed the shorter of the period which represents the period of continuous employment preceding termination with your *employer*. The continuation period will end for any person covered under your policy on the date such person becomes employed by another group and eligible for benefits under another group *plan*.

Extended Benefits

If you are totally disabled on the day your *employer/agent's* agreement ends and you require continued care, your coverage will continue for twelve (12) months if:

- (a) the service provided is listed as a covered *benefit* under this agreement; AND
- (b) the care you receive relates to or arises out of the disability you had on the day this agreement ended.

Extended *benefits* apply ONLY to the *subscriber* who is totally disabled. If you desire to receive coverage for continued care upon termination of this agreement, you must provide us with proof that you are totally disabled. We will make a determination whether your condition constitutes a total disability and you will have the right to appeal our determination or to take legal action as described in Section 7.0.

Your coverage will NOT be continued if you become eligible for coverage under another *plan*.

Continuation of Coverage According to Federal Law

If coverage under this agreement for you or your covered dependents is terminated and your coverage was made available through the group health *plan* of an *employer/agent* of 20 or more employees, you may continue to be eligible for coverage according to federal law. This law is the Consolidated Omnibus Budget Reconciliation Act of 1986 as amended from time to time (“*COBRA*”). Your *employer/agent* is responsible for making *COBRA* coverage available to you, and for complying with all of *COBRA*'s requirements. The information provided below is a general summary of the *COBRA* requirements in place when this agreement was drafted and should not be relied upon when making coverage decisions. You should contact your *employer/agent* if you have any questions about *COBRA*.

Qualifying Events: In order to be eligible for *COBRA* continuation, you need to have experienced a Qualifying Event. A Qualifying Event is one of the events listed below which would result in loss of coverage if not for the *COBRA* continuation:

- (a) The death of the covered employee.
- (b) The termination (other than by reason of such employee's gross misconduct), or reduction of hours, of the covered employee's employment.
- (c) The divorce or legal separation of the covered employee from the employee's spouse.
- (d) The covered employee becoming entitled to *benefits* under (enrolled in) Medicare.
- (e) A dependent child ceasing to be a dependent child under the generally applicable requirements of the *plan*.
- (f) A bankruptcy proceeding with respect to the *employer/agent* from whose employment the covered employee retired at any time. In the case of a bankruptcy, a loss of coverage includes a substantial elimination of coverage within one year before or after the date of commencement of the proceeding.
- (g) Employees who leave civilian employment positions to perform active duty military service in the United States Uniformed Services.

Election: If you are eligible for *COBRA* continuation and you experience a Qualifying Event, you must make an election with your *employer/agent* for *COBRA* continuation coverage to begin. Your *employer/agent* will contact you and provide you with an opportunity to elect *COBRA* continuation if you would lose coverage due to (a), (b), (d), or (f) above. If you experience the event listed in (c), (e), or (g) you must notify your *employer/agent* within 60 days in order for your *employer/agent* to send election forms.

Premium: You must pay premiums in order to continue to be covered. *COBRA* continuation coverage is generally at 102% of the applicable premium, or 150% of the applicable premium during the period of extended continuation due to disability as described below. Your *employer/agent* will notify you of the specific applicable premium.

Duration of Coverage: *COBRA* continuation may continue until the earlier of the following events:

1. The date on which the maximum period of coverage is exhausted. The maximum periods of coverage are:
 - 18 Months if *COBRA* continuation is available due to Qualifying Event (b).
 - 24 months while serving active duty military service if *COBRA* continuation is available due to Qualifying Event (g).
 - 36 Months if *COBRA* continuation is available due to Qualifying Events (a), (c), (d), (e), or (f).
 - Extension for disability: In the case you or one of your dependents is determined, under title II or XVI of the Social Security Act, to have been disabled at any time during the first 60 days of continuation coverage, the maximum period may be extended from 18 months to 29 months (with respect to you and all of your covered dependents). To qualify for this extension you must provide a copy of the Social Security ruling letter to the *employer/agent* within 60 days of receipt, but prior to the expiration of the 18 months.
2. The date on which the *employer/agent* ceases to provide any group health *plan* to any employee.
3. The date on which coverage ceases due to the failure to pay any required premium when due.
4. The date on which the covered person becomes covered on another group health *plan* that does not contain a pre-existing conditions clause for which the covered person does not have sufficient creditable coverage.
5. The date on which the covered person becomes entitled to (enrolled in) Medicare coverage.
6. In the event coverage is extended for up to 29 months due to disability, the first day of the month during such period of extension in which the covered person is determined to no longer be disabled.

If you have any questions regarding *COBRA* continuation, you are encouraged to contact your *employer/agent*.

3.0 COVERED HEALTH CARE SERVICES

We agree to provide coverage for *medically necessary covered health care services* listed in this *agreement*. If a service or category of service is not specifically listed as covered, it is not covered under this *agreement*. Only services that we have reviewed and determined are eligible for coverage under this *agreement* are covered. All other services are not covered. See Section 1.4 for how we identify *new services* and our guidelines for reviewing and making coverage determinations.

We only cover a service listed in this *agreement* if it is *medically necessary*. We review medical necessity in accordance with our medical policies and related guidelines. The term *medically necessary* is defined in Section 8.0 - Glossary. It does not include all medically appropriate services.

The amount of coverage we provide for each health care service differs according to whether or not the service is received:

- as an *hospital*;
- as an *outpatient*;
- in your home;
- in a *doctor's* office; or
- from a pharmacy.

Also coverage differs depending on whether:

- the health care *provider* is a *network provider* or *non-network provider*;
- *deductibles*, *copayments*, or *maximum benefit* apply;
- you have reached your *plan year maximum out-of-pocket expense*;
- there are any exclusions from coverage that apply; or
- our allowance for a *covered health care service* is less than the amount of your *copayment* and *deductible* (if any). In this case, you will be responsible to pay up to our *allowance* when services are rendered by a *network provider*.

Please see the Summary of Medical Benefits to determine the *benefit limits* and amount that you pay for the *covered health care services* listed below.

Please see the Summary of Pharmacy Benefits to determine the *benefit limits* and amount that you pay for prescription drug and diabetic equipment and supplies purchased at a pharmacy.

3.1 Ambulance Services

Ground Ambulance

In accordance with Rhode Island General Law § 27-20-55, ground ambulance services are covered up to the *benefit limits* listed in the Summary of Medical Benefits.

Local professional or municipal ground ambulance services are covered when it is *medically necessary* to use these services, rather than any other form of transportation, to these places:

- to the closest available *hospital* for an *hospital* admission;
- from a *hospital* to home or to a skilled nursing facility or to a rehabilitation facility after being discharged as an *hospital*;
- to the closest available *hospital* emergency room immediately in an *emergency*;
- to and from a *hospital* for *medically necessary* services not available in the facility where you are an *hospital*; or
- from a physician's office to a skilled nursing facility.

Our *allowance* for the ground ambulance includes the services rendered by an emergency medical technician or paramedic, drugs, supplies and cardiac monitoring.

Related Exclusion

This *agreement* does NOT cover ground ambulance transportation to a physician's office.

Air and Water Ambulance

Medically necessary air and water ambulance services are covered as listed in the Summary of Medical Benefits.

Medically necessary air and water ambulance services are covered up to the *maximum benefit limit* as shown in the Summary of Medical Benefits. When you receive services from a *network provider* you are responsible to pay the *copayment*, and the difference between our *allowance* and the *maximum benefit limit*. You are responsible to pay up to the total *charge* when a *non-network provider* renders air or water ambulance services.

Air ambulance service means transportation by a helicopter or fixed wing plane. The aircraft must be a certified ambulance. The crew, maintenance support crew and aircraft must meet the certification requirements and hold a certificate for air ambulance operators under Part 135 of the Federal Aviation Administration (FAA) regulations.

Water ambulance means transportation by a boat. The boat must be specially designed and equipped for transporting the sick or injured. It must also have such other safety and lifesaving equipment per state or local regulation.

Use of an air or water ambulance is *medically necessary* when the time needed to move a patient by land, or the instability of transportation by land, may threaten a patient's condition or survival. It is also *medically necessary* if the proper equipment needed to treat the patient is not available on a ground ambulance.

The patient must be transported for treatment to the nearest facility that can provide a level of care for the patient's illness. It must have available the type of physician or physician specialist needed to treat the patient's condition.

We will only cover air and water ambulance services originating and ending in the United States and its territories. Our *allowance* for the air or water ambulance includes the services rendered by an emergency medical technician or paramedic, drugs, supplies and cardiac monitoring.

Related Exclusions

This *agreement* does NOT provide coverage for:

- air or water ambulance transportation unless the destination is an acute care *hospital*. (Some examples of non-covered air or water ambulance services include transport to a physician's office, nursing facility, or a patient's home); and
- transport from cruise ships when not in United States waters.

3.2 Behavioral Health Services

Behavioral health services are the evaluation, management, and treatment of a patient with a mental health or *substance abuse* disorder.

For the purposes of this *agreement* mental health disorder shall be defined as mental illness. Mental illness means:

- Any mental disorder and *substance abuse* disorder that is listed in the most recent revised publication or the most updated volume of either the Diagnostic and Statistical Manual of Mental Disorders (DSM) published by the American Psychiatric Association or the International Classification of Disease Manual (ICD) published by the World Health Organization and that substantially limits the life activities of the person with the illness;
- *Substance abuse* does not include addiction to or abuse of tobacco and/or caffeine;
- Mental disorders do not include mental retardation, learning disorders, motor skills disorders, communication disorders, and "V" codes as defined in DSM/IV Diagnostic Criteria published by the American Psychiatric Association.

This *agreement* provides parity in the *benefits* for behavioral health services. This means that coverage of *benefits* for mental health and *substance abuse* disorders is generally comparable to, and not more restrictive than, the *benefits* for physical health.

Financial requirements (such as *deductibles* or *copayments*) or quantitative treatment limits (such as visit *benefit limits*) that apply to behavioral health services within a category (such as *inpatient* services received from an *network provider*) are not more restrictive than the *benefit limit* that applies to most of the medical *benefits* within that same category.

This *agreement* applies different levels of financial requirements to different tiers of prescription drug without regard to whether a prescription drug is generally prescribed for physical or mental health and/or *substance abuse* disorders. These factors include cost, efficacy, generic versus brand name, and mail order versus retail pharmacy pick-up. See Section 3.27- Prescription Drugs

The *agreement* may impose a variety of limits affecting the scope or duration of *benefits* that are not expressed numerically. An example of these types of treatments limit is *preauthorization*. *Preauthorization* is applied to behavioral health services in the same way as medical *benefits*. The only exception is except where clinically appropriate standards of care may permit a difference.

- the services are rendered to a non-Rhode Island resident.

3.11 Experimental/Investigational Services

This *agreement* only provides coverage for certain *experimental/investigational* services as required by:

- Rhode Island General Laws Sections § 27-20-60 entitled “Coverage for individuals participating in approved clinical trials”, and
- Rhode Island General Laws Title 27, Chapter 55, entitled “Off Label Use of Prescription Drugs”.

In accordance with Rhode Island General Law §27-20-60, this *agreement* provides coverage for *members* participating in approved clinical trials.

You are qualified to participate in a clinical trial if:

- you are eligible , according to the trial protocol, and
- a *network provider* has concluded that your participation would be appropriate; or
- you provide medical and scientific information establishing that your participation in such trial would be appropriate.

RIGL § 27-20-60 describes what an approved clinical trial is. In summary, it means a phase I, phase II, phase III, or phase IV clinical trial that is being done to prevent, detect or treat cancer or a life-threatening disease or condition (a disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted).

To qualify to be a clinical trial it must:

- be federally funded, or
- be conducted under an investigational new drug application reviewed by the Food and Drug Administration, or
- be a drug trial that is exempt from having such an investigational new drug application.

If a *network provider* is participating in a clinical trial, and the trial is being conducted in the State in which you reside, then you may be required to participate in the trial through the *network provider*.

Coverage under this *agreement* includes routine patient costs for *covered health care services* furnished in connection with participation in the trial. These include *covered health care services* that are typically covered for a patient who is not enrolled in a clinical trial.

The amount you pay for is based on the type of service. For information about office visits, see Section 3.23 - Office Visits. For surgical procedures see Section 3.34 - Surgery Services. For lab, radiology, and machine tests see Section 3.35 - Tests, Imaging, and Labs. See the Summary of Medical Benefits for *benefit limits*. For prescription drugs, see Section 3.27.

In a clinical trial, this *agreement* does not cover:

- the investigational item, device, or service itself; or
- items or services provided solely to satisfy data collection and that are not used in the direct clinical management; or
- a service that is clearly inconsistent with widely accepted standards of care.

RIGL § 27-55 explains how coverage under this *agreement* is available for off label prescription drugs for cancer if the prescription drug is recognized as a treatment for cancer in accepted medical literature.

Related Exclusions

This *agreement* does NOT cover any treatments, procedures, facilities, equipment, drugs, devices, supplies, or services that are *experimental* or *investigative* except as described above.

Treatments, procedures, facilities, equipment, drugs, devices, supplies, or services will be recognized as having been proven effective in clinical medicine only if one of the following apply:

- Final approval for the use of a specific service for a specific condition from the appropriate governmental regulatory body; OR
- Demonstrated, reliable evidence based upon an entry in at least one of the three standard reference compendia (shown in this Section 3.11); OR
- Sound scientific studies published in authoritative, peer reviewed medical journals that:
 - show statistically significant outcomes about the effectiveness of the service, and
 - permit a consensus of opinion that the service improves the *member's* net health outcome, and
 - show it is as beneficial as any established alternatives, and
 - show that the improvement is attainable outside the *investigational* setting; OR
- The determination by an expert medical consultant retained by us, for the purpose of reviewing a particular service, that the service is not *experimental/investigational* for that particular *member's* case.

A service is considered *experimental/investigational*, and therefore excluded, if one or more of the following circumstances are true:

- The service is the subject of ongoing Phase I or Phase II clinical trial or is the *experimental* arm of Phase III clinical trial ,except as described above;
- Is under study to determine the maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with a standard means of treatment or diagnosis; or-
- The prevailing opinion among experts about the service is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or
- The current belief in the pertinent specialty of the medical profession in the United States is that the service or supply should not be used for the diagnosis or indications being requested outside of clinical trials or other research settings because it requires further evaluation for that diagnosis or indications. We will determine the applicability of this criterion based on:
 - Published reports in authoritative, peer-reviewed medical literature; AND
 - Reports, publications, evaluations, and other sources published by government agencies, such as the National Institutes of Health, the FDA, and the Agency for Healthcare Research and Quality; or
- If the benefit in question is a drug, a device, or other supply that is subject to approval by the FDA, and at least one of the following criteria apply:
 - it has not received FDA approval; or
 - it has limited FDA approval under regulations such as Treatment Investigational New Drugs; or
 - it has FDA approval but the indication for the drug or device, or the dosage, is not an accepted off-label use. We will judge this criterion through review of reports published in authoritative peer-reviewed United States medical literature OR entries in one or more of the following drug compendia:
 - i. The AMA Drug Evaluations;
 - ii. The American Hospital Formulary Service Drug Information;
 - iii. The U.S. Pharmacopoeia Dispensing Information; or
- The Institutional Review Board (IRB) of the *provider* of the service or supply acknowledges that use of it is *experimental/investigational* and is subject to the approval of the IRB; or
- The *provider* IRB requires the patient (or parent or guardian) to give an informed consent for the service or supply that states the service or supply is *experimental/investigational*, or federal law requires such a consent; or
- The research protocols related to the requested service or supply state or show the service or supply is *experimental/investigational*.

We will make a determination whether a service is *experimental/investigational*. If you disagree with our determination, you have the right to appeal or to take legal action as described in Section 7.0.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending *provider* (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care *provider* obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Inpatient

In accordance with Rhode Island General Law §27-20-17.1, this *agreement* covers a minimum *inpatient hospital* stay of forty-eight (48) hours from the time of a vaginal delivery and ninety-six (96) hours from the time of a cesarean delivery.

- If the delivery occurs in a *hospital*, the hospital length of stay for the mother or newborn child begins at the time of delivery (or in the case of multiple births, at the time of the last delivery).
- If the delivery occurs outside a *hospital*, the *hospital* length of stay begins at the time the mother or newborn is admitted as a *hospital inpatient* in connection with childbirth.

Any decision to shorten these stays shall be made by the attending physician in consultation with and upon *agreement* with you. In those instances where you and your infant participate in an early discharge, you will be eligible for:

- Up to two (2) home care visits by a skilled, specially trained registered nurse for you and/or your infant, (any additional visits must be reviewed for medical necessity); and
- A pediatric office visit within twenty-four (24) hours after discharge.

See Section 3.23 - Office Visits for coverage of home and office visits.

Definitions

The following definitions apply to this section. Definitions that are not specific to these sections (such as *copayment* and *deductible*) are found in Section 8.0 – Glossary.

DISPENSING GUIDELINES means:

- the prescription order or refill must be limited to the quantities authorized by your *doctor* not to exceed the quantity listed in the Summary of Pharmacy Benefits;
- the prescription must be *medically necessary*, consistent with the *doctor's* diagnosis, ordered by a *doctor* whose license allows him or her to order it, filled at a pharmacy whose license allows such a prescription to be filled, and filled according to state and federal laws;
- the prescription must consist of *legend drugs* that require a *doctor's* prescription under law or compound medications made up of at least one *legend drug* requiring a *doctor's* prescription under law; and
- the prescription must be dispensed at the proper place of service as determined by our Pharmacy and Therapeutics Committee. For example, certain prescription drugs may only be covered when obtained from a pharmacy.

Quantity limits may apply to certain prescription drugs:

- certain prescription drugs are subject to additional quantity limits based on criteria that we have developed, subject to our periodic review and modification.
- quantity limits may restrict the amount of pills dispensed per 30 day period, the number of prescriptions orders or refills in a specified time period, or the number of prescriptions orders or refills ordered by a *provider* or multiple *providers*;
- You may obtain a current list of prescription drugs that have been assigned maximum quantity levels for dispensing by visiting our Web site at BCBSRI.com or calling our Customer Service Department at (401) 459-5000 or 1-800-639-2227.

FORMULARY means the prescription drugs and dosage forms covered under this *agreement*. Some prescription drugs are not in the *formulary*. If a prescription drug is not in our *formulary*, then it is not covered under this *agreement*. A committee of local physicians and pharmacists, set up by us, develop the prescription drug *formulary* listing which is subject to periodic review and is subject to change. The committee decides the tier placement of drugs in the *formulary*, which determines the amount you will pay. To obtain coverage information for a specific prescription drug or to get a copy of the most current *formulary* listing, visit our Web site at BCBSRI.com. or you may call our Customer Service Department at (401) 459-5000 or 1-800-639-2227 for information.

PHARMACY ALLOWANCE means the lower of:

- the amount the pharmacy *charges* for the prescription drug;
- the amount we or our PBM have negotiated with a *network pharmacy*; or
- the maximum amount we pay any pharmacy for that prescription drug.

PRESCRIPTION DRUG PREAUTHORIZATION is the advance approval that must be obtained before we provide coverage for certain prescription drugs. *Prescription drug preauthorization* is not a guarantee of payment, as the process does not take *benefit limits* into account. The process for obtaining *prescription drug preauthorization* is described below.

You must ask the prescribing physician to request *prescription drug preauthorization* for certain preferred brand name and non-preferred brand name prescription drugs and certain specialty prescription drugs, if the specialty prescription drug is bought at a *network pharmacy*. If the specialty prescription drug is bought at a *non-network pharmacy*, *prescription drug preauthorization* is not required. For details see **Pharmacy Program for Prescription Drugs and Diabetic Equipment/Supplies Purchased at a**

Introduction

This section provides coverage information for prescription drugs in our *formulary* generic, preferred brand name, and non-preferred brand name prescription drugs, *specialty prescription drugs* and diabetic equipment and supplies that are bought at a pharmacy. Prescription drugs must be identified as covered under this *agreement* in our *formulary* and dispensed per our *dispensing guidelines* in order to be covered.

Generic, preferred brand name, and non-preferred brand name prescription drugs may be dispensed at a retail pharmacy, a specialty pharmacy, a mail order pharmacy, or by a *provider* other than a pharmacy. *Specialty prescription drugs* must be dispensed at a specialty pharmacy or a *non-network pharmacy*. If a professional *provider* dispenses a *specialty prescription drug*, it is not separately reimbursed unless obtained from a specialty pharmacy. The administration of the *specialty prescription drug* is covered.

For information about the administration of *specialty prescription drugs*, see Section 3.2 -Behavioral Health, Section 3.13 - Hemophilia Services, Section 3.14- Home Health Care, Section 3.18 -Infertility Services, Section 3.19- Infusion Therapy, Section 3.23- Office Visits, and Section 3.30 – Radiation Therapy/Chemotherapy Services.

If you are dispensed a *specialty prescription drug* from a *non-network provider* or by a *provider* that participates with an out of state Blue Cross or Blue Shield plan, the charge for the *specialty prescription drug* is not reimbursed. The pharmacy program's *formulary* includes a five-tier *copayment* structure and requires *prescription drug preauthorization* for certain prescription drugs. It also includes dose optimization conditions. Each of these items is described in more detail below. Coverage is provided for prescription drugs bought at a pharmacy, per the terms, conditions, exclusions, and limitations of this *agreement*.

How to Obtain Prescription Drug Preauthorization

Prescription drug preauthorization is required for certain brand name prescription drugs and *specialty prescription drugs*. To obtain *prescription drug preauthorization*, the prescribing *provider* must submit a completed *prescription drug preauthorization* request form.

The prescribing *provider* may obtain a *prescription drug preauthorization* form by visiting our Web site at BCBSRI.com or calling the Physician and Provider Service Center. *Preauthorization* requests may be submitted in one of the following ways:

- By fax, submit the form to Catamaran at 1-866-391-7222;
- By phone, contact Catamaran at 1-866-391-1164;
- By mail, send the completed form to:

Catamaran
Prior Authorization
P. O. Box 5252
Lisle, IL 60532-5252]

Prescription drugs that require *prescription drug preauthorization* will only be approved when our clinical guidelines are met. The guidelines are based upon clinically appropriate criteria that ensure that the prescription drug is appropriate and cost-effective for the illness, injury or condition for which it has been prescribed.

We will send to you written notification of the *prescription drug preauthorization* determination within two (2) business days of receipt of all medical documentation required to conduct the review, but not to exceed fourteen (14) calendar days from the receipt of the request.

Note: You may request an expedited review if the circumstances are an emergency. Due to the urgent nature of an expedited review, your prescribing *provider* must call 1-866-391-1164 or fax the completed form to 1-866-391-7222 and indicate the urgent nature of the request. If an expedited *preauthorization* review is received by us, we will respond to you with a determination within seventy two (72) hours or in less than seventy two (72) hours (taking into consideration medical exigencies) following receipt of the request.

If you have not obtained *prescription drug preauthorization* before you pick up the prescription drug from the pharmacy for the first time, you can ask us to consider reimbursement later. To do this, you must follow the *prescription drug preauthorization* process described above and submit your request for review, along with a copy of your receipt, within fifteen (15) days of picking up the prescription. If our clinical guidelines are met for the prescription drug, we will approve your *claim* to be reimbursed retroactively less the applicable *copayment* or *deductible*. If our clinical guidelines are not met for the prescription drug, you will be responsible for the cost of the prescription drug. If you are not satisfied with the *prescription drug preauthorization* determination, you can submit a Medical Appeal. See Section 7.3 for information on how to file a Medical Appeal.

How to Obtain Dose Optimization

Dose optimization is the most effective dose and measured quantity of a generic, preferred brand name, and non-preferred brand name prescription drug to be taken at one time. Under this *agreement*, certain generic, preferred brand name, and non-preferred brand name prescription drugs may NOT be covered if you are taking multiple daily doses of a prescription drug that is available to be taken once per day at a higher dose. To obtain a list of the prescription drugs subject to dose optimization, visit our Web Site at BCBSRI.com. Or, you may call our Customer Service Department at (401) 459-5000 or 1-800-639-2227.

When dose optimization applies, the *network pharmacy* will consult with your prescribing *provider* and with the prescribing *provider's* approval, the single daily dose of the prescription drug will be dispensed. If you choose to buy the multiple daily dose of the lower strength prescription drug, it will NOT be covered under this *agreement*.

If your prescribing *provider* deems it *medically necessary* that you continue to take multiple daily doses of a lower strength generic, preferred brand name, or non-preferred brand name prescription drug, *prescription drug preauthorization* is required and must be obtained before we provide coverage. To request *prescription drug preauthorization*, the prescribing *provider* must complete and submit a dose optimization authorization form. Coverage for multiple daily doses of a lower strength generic, preferred brand name, or non-preferred brand name prescription drug will only be approved when the dose optimization guidelines are met.

The prescribing *provider* may obtain a form by visiting our Web site at BCBSRI.com or calling the Physician and Provider Service Center. Requests may be submitted in one of the following ways:

- By fax, submit the form to Catamaran at 1-866-391-7222;
- By phone, contact Catamaran at 1-866-391-1164;
- By mail, send the completed form to:

If you have not obtained *prescription drug preauthorization* by submitting a dose optimization authorization form before you pick up the prescription drug from the pharmacy for the first time, you can ask us to consider reimbursement later. To do this, you must follow the *prescription drug preauthorization* process described above and submit your request for review, along with a copy of your receipt, within fifteen (15) days of picking up the prescription. Formulary Exception Process

We have a *formulary* exception process that allows you to request coverage for a prescription drug that is not in our *formulary*. This process is available when (i) the requested prescription drug is NOT a generic equivalent of a *formulary* drug and your doctor determines that a *formulary* drug is not effective for you; or (ii) the requested non-formulary prescription drug has a generic equivalent and you have a clinical reason why you are unable to take the generic prescription drug (such as, you have had an adverse reaction to the generic medication). The process for obtaining an exception is described below.

For a *formulary* exception where the requested prescription drug is NOT a generic equivalent of a *formulary* drug the prescribing *provider* may obtain a Medical Exception Form by visiting our web site at BCBSRI.com or calling the Physician and Provider Service Center. Requests may be submitted in one of the following ways:

- By fax, submit the form to Catamaran at 1-866-391-7222;
- By phone, contact Catamaran at 1-866-391-1164;
- By mail, send the completed form to:

Catamaran
Prior Authorization
P. O. Box 5252
Lisle, IL 60532-5252

For a *formulary* exception where the requested prescription drug has a generic equivalent, you or your prescribing provider submits a Formulary Exception Request form to our Grievance and Appeal Unit. The form will request medical information describing the clinical reason why you are unable to be treated with the generic medication. This form may be obtained from the Grievance and Appeals Unit. The GAU may be reached by phone at 401-459-5784.

The completed Formulary Exception Request form is mailed to:

Blue Cross & Blue Shield of Rhode Island
Attention: Grievance and Appeals Unit
500 Exchange Street
Providence, Rhode Island 02903

For both types of formulary exceptions noted above, a written determination will be sent to you and to your doctor.

If we deny your request for a formulary exception, that denial is an *adverse benefit determination*. Please see Section 7.1 – Adverse Benefit Determinations for information on how to appeal our decision.

5.1 How Network Providers Are Paid

We pay *network providers* directly for *covered health care services*. You are responsible for *copayments*, *deductibles*, and the difference between the *maximum benefit* and our *allowance*, if any, which may apply to a *covered health care service*. *Network providers* agree not to bill, charge, collect a deposit from, or in any way seek reimbursement from you for a *covered health care service*, except for the *copayments*, *deductibles*, and the difference between the *maximum benefit* and our *allowance*, if any, which may apply to a *covered health care service*.

It is your obligation to pay a *network provider* your *copayment*, *deductible*, and the difference between the *maximum benefit* and our *allowance*. If you do not pay the *network provider*, the *provider* may decline to provide current or future services to you. The *provider* may pursue payment from you. See Section 1.14 – Your Responsibility to Pay Your Providers for more information.

Not all of the individual *providers* at a *network facility* will be *network providers*. It is your responsibility to make sure that each *provider* from whom you receive care is in the *network*. However, if you receive certain types of services at a *network facility*, and there are *covered health care services* provided with those services by a *non-network provider* outside of your control, you will be reimbursed for such *covered health care services* based upon our *allowance* at the *network level of benefits*. The types of services this applies to are:

- *inpatient* admissions at a *network facility* under the direction of a *network physician*;
- *outpatient* services performed at a *network facility* by a *network physician*; AND
- emergency room services at a *network facility*.

5.2 How Non-Network Providers Are Paid

You are responsible for paying all *charges* from a *non-network provider*. You are liable for the difference between the amount that the *non-network health care provider* bills and the payment we make for *covered health care services*. Generally, we send reimbursement to you, but reserve the right to reimburse a *non-network provider* directly.

We reimburse you or a *non-network provider* up to the *maximum benefit* or our *allowance*, less any *copayments* and *deductibles* which may apply to a *covered health care service*. We reimburse *non-network provider* services using the same guidelines we use to pay *network providers*.

Generally, our payment for *non-network provider* services will not be more than the amount we pay for *network provider* services. Payments we make to you are personal. You cannot transfer or assign any of your right to receive payments under this *agreement* to another person or organization, unless the Rhode Island General Law §27-20-49 (Dental Insurance assignment of benefits) applies.

5.3 Coverage for Services Provided Outside of the Service Area (BlueCard) Out-of-Area Services

BCBSRI has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs.” Whenever you obtain healthcare services outside of BCBSRI service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between us and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside BCBSRI service area, you will obtain care from healthcare providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, you may obtain care from nonparticipating healthcare providers. BCBSRI payment practices in both instances are described below.

A. BlueCard® Program

Under the BlueCard® Program, when you access covered healthcare services within the geographic area served by a Host Blue, BCBSRI will remain responsible for fulfilling BCBSRI contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers.

Whenever you access covered healthcare services outside BCBSRI’s service area and the claim is processed through the BlueCard Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to BCBSRI.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price BCBSRI uses for your claim because they will not be applied retroactively to claims already paid.

Federal law or laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If federal law or any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

B. Non-Participating Healthcare Providers Outside BCBSRI Service Area

1. Subscriber Liability Calculation

When covered healthcare services are provided outside of BCBSRI service area by non-participating healthcare providers, the amount you pay for such services will generally be based on either the Host Blue's non-participating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be liable for the difference between the amount that the non-participating healthcare provider bills and the payment BCBSRI will make for the covered services as set forth in this paragraph.

2. Exceptions

In certain situations, BCBSRI may use other payment bases, such as billed covered charges, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount BCBSRI will pay for services rendered by non-participating healthcare providers. In these situations, you may be liable for the difference between the amount that the non-participating healthcare provider bills and the payment BCBSRI will make for the covered services as set forth in this paragraph.

6.0 HOW WE COORDINATE YOUR BENEFITS WHEN YOU ARE COVERED BY MORE THAN ONE PLAN

Introduction

This Coordination of Benefits ("COB") provision applies when you or your covered dependents have health care benefits under more than one *plan*.

We follow the COB rules of payment issued by the National Association of Insurance Commissioners (NAIC). The COB rules have been adopted by the Rhode Island Office of the Health Insurance Commissioner (OHIC). From time to time these rules may change before we issue a revised subscriber agreement. We use the COB regulations in effect at the time of coordination to determine *benefits* available to you under this *agreement*.

If this provision applies, the order of benefit determination rules as stated in this section will determine whether we pay *benefits* before or after the *benefits* of another *plan*.

6.1 Definitions

The following definitions apply to Section 6:

ALLOWABLE EXPENSE means the necessary, reasonable and customary item of expense for health care which is:

- covered at least in part under one or more *plans* covering the person for whom the *claim* is made; AND
- incurred while this *agreement* is in force.

When a *plan* provides health care *benefits* in the form of services, the reasonable cash value of each service is considered as both an *allowable expense* and a benefit paid.

BENEFITS means any treatment, facility, equipment, drug, device, supply or service for which you receive reimbursement under a *plan*.

CLAIM means a request that *benefits* of a *plan* be provided or paid.

PLAN means any health care insurance benefit package provided by an organization as defined in Section 8.0 - Glossary.

PRIMARY PLAN means a *plan* whose benefits for a person's health care coverage must be determined without taking the existence of any other *plan* into consideration.

SECONDARY PLAN means a *plan* which is not a *primary plan*.

6.2 When You Have More Than One Agreement with Blue Cross & Blue Shield of Rhode Island

If you are covered under more than one *agreement* with us, you are entitled to covered *benefits* under both *agreements*. If one *agreement* has a *benefit* that the other(s) does not, you are entitled to coverage under the *agreement* that has the benefit. The total payments you receive will never be more than the total cost for the services you receive.

6.3 When You Are Covered By More Than One Insurer

Covered *benefits* provided under any other *plan* will always be paid before the *benefits* under our *plan* if that insurer does not use a similar coordination of benefits rule to determine coverage. The *plan* without the coordination of benefits provision will always be the *primary plan*.

Benefits under another *plan* include all *benefits* that would be paid if *claims* had been submitted for them.

If you are covered by more than one *plan* and both insurers use similar coordination of benefits rules to determine coverage, we use the following conditions to determine which *plan* covers you first:

- whether you are the main *subscriber* or a dependent;
- if married, whether you or your spouse was born earlier in the year; OR
- length of time each spouse has been covered.

(1.) Non-Dependent/Dependent - If you are covered under a *plan* and you are the main *subscriber*, the *benefits* of that *plan* will be determined before the *benefits* of a *plan* which covers you as a dependent. If, however, you are a Medicare beneficiary, then, in some instances, Medicare will be Secondary and the *plan* which covers you as the main *subscriber* or as a dependent will provide the benefits first.

If one of your dependents covered under this *agreement* is a student, the *benefits* of any other coverage available because of student enrollment (except accident-only type coverage) will be determined before the *benefits* under this *agreement*.

(2.) Dependent Child/Parents Not Separated or Divorced - If dependent children are covered under separate *plans* of more than one person (i.e. "parents" or individuals acting as "parents"), the *benefits* of the *plan* covering the parent born earlier in the year will be determined before those of the parent whose birthday falls later in the year. If both parents have the same birthday, the *benefits* of the *plan* which covered the parent longer are determined before those of the *plan* which covered the other parent for a shorter period of time. The term "birthday" only refers to the month and day in a calendar year, not the year in which the person was born. If the other *plan* does not determine *benefits* according to the parents' birth dates, but by parents' gender instead, the other *plan's* gender rule will determine the order of *benefits*.

(3.) Dependent Child/Parents Separated or Divorced - If two or more *plans* cover a person as a dependent child of divorced or separated parents, the *plan* responsible to cover *benefits* for the child will be determined in the following order:

- first, the *plan* of the parent with custody of the child;
- then, the *plan* of the spouse of the parent with custody of the child; AND
- finally, the *plan* of the parent not having custody of the child.

If the terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the parent's *benefits* under that parent's *plan* has actual knowledge of those terms, the *benefits* of that *plan* are determined first and the *benefits* of the *plan* of the other parent are the *secondary plan*.

If the terms of a court decree state that the parents share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the *plans* covering the child will follow the order of benefit determination rules outlined in Section 6.3 (2) above.

(4.) Active/Inactive Employee - If you are covered under another health *plan* as an employee (not laid off or retired), your *benefits* and those of your dependents under that *plan* will be determined before *benefits* under this *plan*.

(5.) Longer/Shorter Length of Coverage - If none of the above rules determine the order of *benefits*, the *benefits* of the *plan* which covered a *member* or *subscriber* longer are determined before those of the *plan* which covered that person for the shorter term.

In general, if you use more *benefits* than you are covered for during a benefit period, the following formula is used to determine coverage:

The insurer covering you first will cover you up to its allowance. Then, the other insurer will cover any allowable *benefits* you use over that amount. It will never be more than the total amount of coverage that would have been provided if *benefits* were not coordinated.

$$\begin{array}{l} \text{Maximum } \textit{benefits} \text{ paid by first insurer} \\ + \text{ Any remaining } \textit{allowable expense} \text{ paid by other insurer} \\ \hline \text{Total Benefits Payable} \end{array}$$

6.4 Our Right to Make Payments and Recover Overpayments

If payments which should have been made by us according to this provision have actually been made by another organization, we have the right to pay those organizations the amounts we decide are necessary to satisfy the rules of this provision. These amounts are considered *benefits* provided under this *agreement* and we are not liable for them.

If we have made payments for *allowable expenses* which are more than the maximum amount needed to satisfy the conditions of this provision, we have the right to recover the excess amounts from: the person to or for whom the payments were made; any other insurers; and/or any other organizations (as we decide). As the *subscriber*, you agree to pay back any excess amount, provide information and assistance, or do whatever is necessary to recover this excess amount. When determining the amount of payments made we include the reasonable cash value of any *benefits* provided in the form of services.

7.0 ADVERSE BENEFIT DETERMINATION AND APPEALS

7.1 Adverse Benefit Determinations

An **adverse benefit determination** is any of the following:

- Denial of a benefit (in whole or part),
- Reduction of a benefit,
- Termination of a benefit,
- Failure to provide or make a payment (in whole or in part) for a benefit,
- Denial, reduction, termination, or failure to make a payment based on the imposition of a preexisting condition exclusion, a source of injury exclusion, or other limitation on covered benefits, and
- Rescission of coverage, even if there is no adverse effect on any benefit.

An appeal of an *adverse benefit determination* can be made either as an *administrative appeal* or as a *medical appeal*, as defined further in this section.

You are entitled to the following level of review when seeking a *medical appeal*.

Level 1 Review

You may request a Level 1 review of any matter subject to *medical appeal* by making a request for such review to us within one hundred and eighty (180) calendar days of the initial determination letter. You may ask for this review by calling our Customer Service Department, but we strongly suggest that you submit your request in writing to ensure your request is accurately reflected. At any time during the Level 1 Review (or Level 2 Review, see below), you may supply additional information by mailing it to the address listed above. You may request copies of information relevant to your appeal (free of charge) by contacting our Grievance and Appeal Unit.

For pre-service (before services are rendered) or concurrent (during a patient's hospital stay or course of treatment) appeals, you will receive written notification of the determination on a Level 1 review within fifteen (15) calendar days of receipt of the appeal request. If you are requesting reconsideration (Level 1 review) of a service that was denied after you already obtained

the service (retrospectively), then you will receive written notification of our determination within fifteen (15) business days of our receipt of the appeal.

Level 2 Review

You may request a Level 2 review (preferably in writing) if our denial was upheld during the Level 1 review process. Your Level 2 review will be reviewed by a *provider* in the same or similar specialty as your treating *provider*. You must submit your request for a Level 2 review within one hundred and eighty (180) calendar days of receipt the date of the Level 1 determination letter. Upon request for a Level 2 review, we will provide you with the opportunity to inspect the medical file and add information to the file.

You will receive written notification of a determination on a Level 2 pre-service or concurrent review within fifteen (15) calendar days of receipt of the appeal request. If the service you are requesting review of was denied after you already obtained the service (retrospectively), you will receive written notification of our determination within fifteen (15) business days of receipt of the appeal request.

Expedited (Urgent) Review

You may ask for an expedited (urgent) appeal if:

- an urgent *preauthorization* request for health care services has been denied (See Section 1.7 – Preauthorization for additional information about urgent *preauthorization* requests);
- the circumstances are an emergency; or
- you are in an *inpatient* setting.

A review is considered emergent or urgent if, in the opinion of an individual applying the judgment of a prudent layperson possessing an average knowledge of health and medicine, applying time periods for making a non-urgent appeal determination could seriously jeopardize your life or your health or your ability to regain maximum function. Likewise, a review is considered emergent or urgent if, in the opinion of a physician with knowledge of your health condition, applying time periods for making a non-urgent *claim* determination would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the appeal

To request you or your physician or *provider* must call the Grievance and Appeals Unit at (401) 459-5000 or 1-800-639-2227 or fax your request to (401) 459-5005.

An expedited appeal determination for services that have not yet been rendered (a pre-service review) will be made not later than seventy-two (72) hours or in less than seventy-two (72) hours (taking into consideration medical exigencies) from the receipt of the request..

Services that have all ready been rendered (retrospective review) are not eligible for expedited (urgent) review.

External Appeal

If you remain dissatisfied with our appeal determination, you may request an external review by an outside review agency for any *claim* amount. There is no minimum dollar amount that a *claim* must be in order to file an external appeal.

To request an external review you must submit your request in writing to us within four (4) months of your receipt of the determination. We will forward your request to the outside review agency within five (5) business days, or two (2) business days for an expedited external appeal.

We may charge you a filing fee up to \$25.00 per external appeal, not to exceed \$75.00 per *plan year*. We will refund you if the denial is reversed and will waive the fee if it imposes an undue hardship on you.

For all non-emergency appeals, the outside review agency will notify you of its determination within ten (10) business days of the agency's receipt of the information.

For all urgent external appeals, the outside review agency will notify you of its determination within two (2) business days.

The determination by the outside review agency is binding upon us.

This External Appeal is voluntary. This means you may choose to participate in this level of appeal or you may file suit in an appropriate court of law (Please see Legal Action, below).

7.4 Legal Action

If you are dissatisfied with the decision on your *claim*, and have complied with applicable state and federal law, you are entitled to seek judicial review. This review will take place in an appropriate court of law.

Note: *Once a member or provider receives a decision at one of the several levels of appeal (Level 1, Level 2, External, and Legal Action), the member or provider may not ask for an appeal at the same level again, unless additional information that could impact such decisions can be provided.*

Under state law, you may not begin court proceedings prior to the expiration of sixty (60) days after the date you filed your *claim*. In no event may legal action be taken against us later than three (3) years from the date you were required to file the *claim* (see Section 6.1).

For *members* covered by a group (employer sponsored) health plan, your plan may be subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Under federal law, if your plan is subject to ERISA you may have the right to bring legal action under section 502(a) of ERISA after you have exhausted all available administrative appeals. For appeals other than medical appeals, federal law requires that you pursue a final decision on an administrative appeal prior to filing suit under section 502(a) of ERISA. For medical appeals, federal law requires that you pursue a Level 2 review prior to filing a suit under section 502(a) of ERISA. You are not required to submit your claim to external review prior to filing a suit under section 502(a) of ERISA. Consult your employer to determine whether this applies to you and what your rights and obligations may be. If you are dissatisfied with the decision on your claim, and have complied with applicable state and federal law, you are entitled to seek judicial review. This review will take place in an appropriate court of law.

7.5 Grievances Unrelated to Claims

We encourage you to discuss any *complaint* that you may have about any aspect of your medical treatment with the health care *provider* that furnished the care. In most cases, issues can be more easily resolved when they are raised when they occur. If, however, you remain dissatisfied or prefer not to take up the issue with your *provider*, you may access our *complaint* and grievance procedures.

You may also access our *complaint* and grievance procedures if you have a *complaint* about our service or about one of our employees. In order to start a grievance, please call our Customer Service Department. The Customer Service Department will log in your call and begin working towards the resolution of your *complaint*.

The grievance procedures described in this Section do not apply to medical necessity determinations (see Section 7.3), *complaints* about payments (see Section 7.2), *claims* of medical malpractice or to allegations that we are liable for the professional negligence of any *doctor, hospital, health care facility* or other health care *provider* furnishing services under this *agreement*.

7.6 Our Right to Withhold Payments

We have the right to withhold payment during the period of investigation on any *claim* we receive that we have reason to believe might not be eligible for coverage. We will also conduct pre-payment review on a *claim* we have reason to believe has been submitted for a service not covered under this *agreement*. We will make a final decision on these *claims* within sixty (60) days after the date you filed said *claim*.

We also have the right to perform post-payment reviews of *claims*. If we determine misrepresentation was used when you filed the *claim*, or if we determine that a *claim* should not have been paid for any reason, we may take all necessary steps (including legal action) to recover funds paid to you or to a *provider*.

7.7 Our Right of Subrogation and/or Reimbursement

Definitions

SUBROGATION means we can use your right to recover money from a third party who caused you to be hurt or sick. We may also recover from any insurance company (including uninsured and underinsured motorist clauses and no-fault insurance) or other party.

REIMBURSEMENT means our right to be paid back any payments, awards or settlements that you receive from a third party. We can collect up to the amount of any benefit or any payment we made.

Subrogation

We may recover money from a third party that causes you to be hurt or sick. If that party has insurance, we may recover money from the insurance company. Our recovery will be based on the *benefit* or payment we made under this *agreement*. For example, if you are hurt in a car accident and we pay for your *hospital* stay, we can collect the amount we paid for your *hospital* stay from the auto insurer. If you do not try to collect money from the third party who caused you to be hurt or sick, you agree that we can. We may do so on your behalf or in your name. Our right to be paid will take priority over any claim for money by a third party. This is true even if you have a claim for punitive or compensatory damages.

Reimbursement

If we give you *benefits* or make payment for services under this *agreement* and you get money from a third party for those services, you must pay us back. This is true even if you receive the money after a settlement or a judgment. For example, if your auto insurance pays for your emergency room visit after a car accident, you must reimburse us for any *benefit* payment that we made.

We can collect the money no matter where it is or how it is designated. You must pay us back even if you do not get back the total amount of your claim against the third party. We can collect the money you receive even if it is described as a payment for something other than health care expenses. We may offset future payments under this *agreement* until we have been paid an amount equal to what you were paid by a third party. If we must pay legal fees in order to recover money from you, we can recover these costs from you. Also, the amount that you must pay us cannot be reduced by any legal costs that you have.

If you receive money in a settlement or a judgment and do not agree with our right to *reimbursement*, you must keep an amount equal to our claim in a separate account until the dispute is resolved. If a court orders that money be paid to you or any third party before your lawsuit is resolved, you must tell us quickly so we can respond in court.

Member Cooperation

You must give us information and help us. This means you must complete and sign all necessary documents to help us get money back. You must tell us in a timely manner about the progress of your claim with a third party. This includes filing a claim or lawsuit, beginning settlement discussions, or agreeing to a settlement in principle, etc. It also means that you must give us

timely notice before you settle any claim. You must not do anything that might limit our rights under this Section. We may take any action necessary to protect our right of *subrogation* and/or *reimbursement*.

8.0 GLOSSARY

When a defined term is used in this *agreement*, it will be italicized.

AGREEMENT means this document. It is a legal contract between you and Blue Cross & Blue Shield of Rhode Island.

ALLOWANCE is the maximum amount to be acceptable for a *covered health care service*. Our *allowance* for a *covered health care service* may include payment for other related services. See Section 5.0 - How Your Covered Health Care Services Are Paid and the Summary of Benefits for services subject to *copayments*, *deductibles*, and *maximum benefits*.

When you receive *covered health care services* from a *network provider*, the *provider* has agreed to accept our *allowance* as payment in full. You will be responsible to pay your *copayments*, *deductibles*, and the difference between the *maximum benefit* and our *allowance*, if any.

When you receive *covered health care services* from a *non-network provider*, you will be responsible for the *provider's charge*. Our reimbursement will be based on the lesser of our *allowance*, the *non-network provider's charge*, or the *maximum benefit*, less any *copayments* and *deductibles*, if any.

BENEFITS means any treatment, facility, equipment, drug, device, supply or service that you receive reimbursement for under a *plan*.

BENEFIT LIMIT means the *maximum benefit* amount allowed for certain *covered health care services*. It may limit the duration or the number of visits for *covered health care services*. See the Summary of Benefits for details about any *benefit limits*.

BLUECARD is a national program in which all Blue Cross and Blue Shield plans participate. It benefits *subscribers* who receive *covered health care services* outside their own plan's service area. See Section 5.3 for details.

We will make a determination whether a health care service is *medically necessary*. You have the right to appeal our determination or to take legal action as described in Section 7.0. We review medical necessity on a case-by-case basis.
