# BHDDH I/DD Supported Employment Resource Guide

When it comes to employment, just like everything else in life, each one of us is different. Some will need assistance to find a job, while others require more intensive/long-term support to keep it. Some want to work 40+ hours per week. Others prefer part-time, or maybe even starting their own business.

There are also those who may not be sure if they actually want to work, or if they'd be able to. Work isn't for everyone. Some will consider their options and decide that they're not interested in getting a job. Meanwhile, others who have already worked will say they're ready to retire.

All of these choices are OK! Remember, whatever you decide to do, the key word here isn't "employment;" it's "CHOICE."

Our goal at the Division is to ensure that you have both the opportunity to make informed choices, and the supports you need to reach the goals you've chosen. Work may not be for everyone, but if you think it's for you, then don't let anyone tell you can't do it. Employment First says you can!

## Employment First

Rhode Island is one of 46 states focused on Employment First and has an official state policy: that employment in the community is the first and preferred service option for people with disabilities. This promotes community-based, integrated employment as the first option for employment and is part of the national movement toward a greater emphasis on community employment. This echoes a general shift toward services designed to integrate individuals with disabilities into their communities, providing them with the same opportunities and responsibilities as all citizens.

## About APSE - Association of People Supporting Employment First

### Consent Decree

The State of Rhode Island entered into a Settlement Agreement and [Consent Decree](#) with the United States Department of Justice in 2013 and 2014, respectively. The agreements address findings that the State violated the [Americans with Disabilities Act \(ADA\)](#) by failing to serve individuals with intellectual and developmental disabilities in integrated settings, and by placing youth with intellectual and developmental disabilities at serious risk of segregation. Under the terms of these agreements, the State is committed to transform its service system over a 10-year period of time. The State is required to achieve certain goals each year. The ultimate goal is to provide integrated employment and community services for Rhode Islanders living with developmental disabilities.

Under the terms of the consent decree, the State is working to improve services for:

- **Youth in Transition** – This group includes students who have not yet entered the adult services system. These are students who are ages 14-22, in secondary school, and eligible or likely to be eligible for developmental disabilities services as adults.
- **The "Youth Exit" Population** – This group includes individuals who have left secondary school between September 1, 2013, and August 31, 2016 and are eligible for adult developmental disabilities services.
- **The Sheltered Workshop Population** – This group includes individuals who received services in a sheltered workshop in 2013, the year before the consent decree took effect.
- **The Segregated Day Services Population** – This group includes individuals who received services in a segregated day program in 2013.

## Path to Competitive Integrated Employment

1. Referral initiated to BHDDH DDD Adult Services by self/Family, school or agency  
eligibility/application: [Eligibility and Application | Dept. of Behavioral Healthcare, Developmental Disabilities, and Hospitals \(ri.gov\)](#)
2. Eligibility Determination
3. Supports Intensity Scale (SIS)  
The Supports Intensity Scale - A (SIS-A) is a tool that is used to measure supports required for individuals, aged 16 years and older, with intellectual and developmental disabilities. The assessment is done during an interview with individuals and the people who know them well. Rhode Island uses the SIS-A to determine service needs and related levels of funding for individuals receiving developmental disabilities services. [Support Intensity Scale \(SIS\) | Dept. of Behavioral Healthcare, Developmental Disabilities, and Hospitals \(ri.gov\)](#)
4. Resource Allocation/Tiers
  - A portion or all of funds assigned can be used to pay for employment supports.
  - There are also Targeted Employment Funding that can be used, if necessary to reach employment goals.
5. Choose how to manage your funds and services
  - Agency based through one of BHDDH DD licensed providers (see BHDDH DD Provider list below)
  - Individual/Family managed Self-Directed Supports through one of BHDDH DD approved Fiscal Intermediary (see BHDDH DD Fiscal Intermediary list below)
6. Identify employment goals and support needs through Plan Writer/Support Coordinator
7. Referral for Supported Employment Services through assigned BHDDH DDD Social Case Worker
8. Write a plan and start services. Submit ISP with Add-On Purchase Order [Guide to Employment Add-On Budget Requests\\_9.19.23.docx \(live.com\)](#) and Employment Goal/Attachment Form [Individual Service Plan Template .docx \(live.com\)](#)
9. Stretch your dollars through Braiding and Sequencing of Funding with Office of Rehabilitation Services (ORS), Department of Labor and Training (DLT), and the Social Security Administration (i.e. Self-Employment program, CVS Retail training, Project Search, Skills for RI, etc.)
10. Questions about how working will affect your benefits?

In the State of Rhode Island there are multiple entities that can provide benefits counseling by a CWIC such as ORS, DLT, BHDDH, and WIPA. A Work Incentives Benefits Specialist can offer support through all stages of employment.

- If you receive services from ORS-Office of Rehabilitation Services or SBVI, contact your VR counselor.
- If you receive services from DLT- DEI grant, contact your DEI counselor.

- If you receive funding from BHDDH-DDD, ask your BHDDH Social Worker for an Employment and Earnings Reporting Form [Employment and Earnings Reporting Form 2022 fillable.pdf \(ri.gov\)](#), or ask your Agency Services Coordinator to request work incentives benefits planning on your behalf.

- If you do not receive services from any of the above organizations, contact the Ticket to Work Help Line <https://choosework.ssa.gov/>. The help line will answer your questions and, if needed, will refer you to the Rhode Island Work Incentive Planning & Assistance (RIWIPA) Project.

### **Choose Not to Work or to Work in a Segregated Setting?**

You will need to fill out a Variance Form to document your informed choice. For more information, form, and instructions; [Variance Information | Dept. of Behavioral Healthcare, Developmental Disabilities, and Hospitals](#)

For more information you can go access [A Guide to Accessing Employment Supports from the RI Division of Developmental Disabilities \(DDD\) Guide to Accessing Employment Supports \(ric.edu\)](#)

### **Additional Information on Supported Employment:**

#### **Employment and Earnings Reporting Form**

- When individuals are employed, regardless of if they are supported by a provider or self-directed staff, they need to submit an Employment and Earnings Reporting Form (formally ICE-RF). This informs DHS of their income that may be disregarded.
- It is also used to request benefits planning.
- Benefits planning is done by ORS or DD through the Sherlock Center, there is no charge to the individual for this. [Employment and Earnings Reporting Form 2022 fillable.pdf \(ri.gov\)](#)
- Individuals must report their employment earnings to Social Security.
- This should be discussed at each ISP so there are no gaps in reporting. This is different than benefits planning. This can be done by the individual, family, or the provider of employment services.

#### **Supported Employment Staff**

- Per our Certification Standards, provider organizations are required to have certified or trained employment staff
- Self-Directed staff *do not need* to be certified or trained to provide employment supports, at this time. They are, however, eligible to attend the Supporting Meaningful Employment Series- an ACRE Certificate based training with the Sherlock Center at no cost. They cannot be paid to attend the training through self-direct dollars.

## Definitions

### Supported Employment

Supported employment refers to service provisions wherein people with disabilities, including intellectual disabilities, mental health, and traumatic brain injury, among others, are assisted with obtaining and maintaining employment. Supported employment is considered to be one form of employment in which wages are expected, together with benefits from an employer in a competitive workplace.

### Customized Employment

Customized Employment (CE) represents a specific set of techniques and strategies that differentiate it from other forms of community employment. CE is based on the fundamental elements of Supported Employment, but differs in important ways. CE is not “better” than other approaches, but there are circumstances when CE is a preferred option, especially when an individual faces multiple and/or complex barriers to attaining meaningful work.

### Discovery

Discovery is the foundation of Customized Employment. It is a proven evidence-based practice of qualitative research that improves employment outcomes for youth and adults with disabilities who experience barriers to employment. Discovery is a structured observational method to understand who the employment seeker is in as many aspects of life as necessary to inform an effective Customized Plan for Employment. Discovery uses an individualized, person-centered approach to learn about a person’s skills, interests, and conditions to then create integrated employment by matching these with business needs. Discovery takes between 24–60 hours over 5–9 weeks. In order for any practitioner to complete discovery services, the practitioner must meet competency review standards.

### Job Development

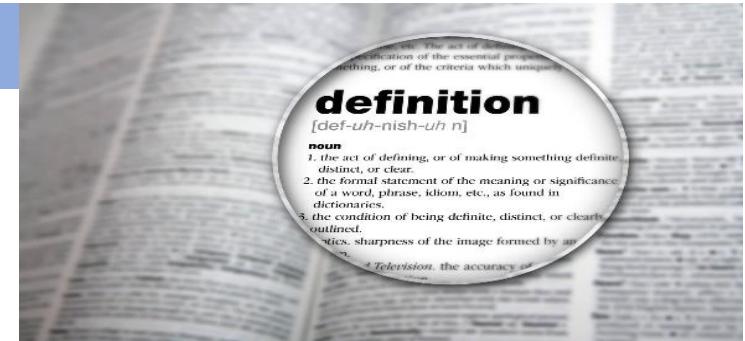

Job Assessment and Development Services are services which assist individuals in engaging in the discovery process, implementation of career development plans, participation in trial work experience, and completion of vocational assessments. [Responsibilities include] Actions to develop, locate and secure employment for individuals in integrated community-based employment settings.

### Job Coaching

Training for individuals by a job coach, who uses structured intervention techniques to help the individual learn to perform job tasks to the employer’s specifications and to learn the interpersonal skills necessary to be successful as an employee at the job site and in related community contacts.

### Retention

Job Retention is defined as an employment outcome and support service necessary for a person to maintain or advance in employment consistent with the

person's strengths, abilities, capabilities, and interests. [Responsibilities include] Short-term or intermittent job coaching, communication with the individual and his/her supervisor to ensure job satisfaction and/or promoting employment enhancement.

### **Assistive Technology**

Assistive Technology (AT): Devices, equipment, or products used to increase, maintain, or improve the functional capabilities of an individual with a disability in their job. Examples of Assistive Technology could include; telecommunication devices, sensory aids and devices, vehicle modifications, computer and computer-related hardware or software, etc.

### **Competitive Integrated Employment**

Employed at a community-based, individual job, hired onto the employer's payroll with or without job supports, full-time or part-time work at minimum wage or higher, with wages and benefits similar to those without disabilities performing the same work, and fully integrated with coworkers without disabilities.

### **Ability One**

The AbilityOne Program is one of the largest sources of employment in the United States for people who are blind or have significant disabilities. Approximately 500 nonprofit organizations employ these individuals and provide quality products and services to the Federal Government at a fair market price.

### **Provider Paid – Individual**

The individual works at a community-based, individual job. Individual is paid by a provider agency or provider subcontractor. Provider is defined broadly to include DD provider agencies, as well as businesses with a mission to employ workers with disabilities (i.e. NISH, Ability One, Cookie Place, agency owned business, affirmative business, etc.). And/or Employer receives wage reimbursement or a subsidy from the provider Agency.

### **Enclave (Group Employment)**

The individual works at a community-based job with 2 or more individuals with disabilities (enclave, work crew, etc.). Individual is paid by a provider agency or provider subcontractor. Provider is defined broadly to include DD provider agencies, as well as businesses with a mission to employ workers with disabilities (i.e. NISH, Ability One, Cookie Place, agency owned-business, affirmative business). Employer receives wage reimbursement or a subsidy from the provider Agency

### **Self Employed**

Refers to small business ownership that is controlled or owned by the individual or in which the individual is considered to be a private contractor AND guided by a business plan. 100% of the business income goes to the individual/co-owners and \$400 in annual earnings expected. The individual reports earnings to SSA and file taxes if income guidelines met. ### **Variance**

A variance is official approval of something different from the usual expectations. Under the "Employment First" guidelines, the usual expectations are: All people, no matter what disability they have, should have opportunities for real jobs with real wages, and work that matches their skills and interests. All people, with and without disabilities, can work together in integrated work places in the community earning minimum wage or higher. Some individuals may choose not to work at all, or to work in a segregated setting. They would need a variance to document that they have made an informed choice not to work in integrated competitive employment. There are 2 types of variances, described in these Variance Request Forms: 1. Variance for Integrated Day Services Only. 2. Variance to Work in a Segregated Employment Setting [Variance Information | Dept. of Behavioral Healthcare, Developmental Disabilities, and Hospitals](#)
